Challenge #7: Block, Inline, Class, and Id.

```html
<section class="home" id="home">
    <div class="home-text">
        <div class="slide">
            <span class="one">Hello</span>
            <span class="two">I'm</span>
        </div>
        <h2>Henry</h2>
        <h3> A <span>BSIS </span>Student.</h3>
        <p>I'm now studying at the University Of Southern Mindanao, A first year
student,<br>
        this website is my final project in my subject Introduction To
Computing.</p>
        <div class="button">
            <a href="" class="btn">Say hello</a>
            <a href="https://www.youtube.com/@GreatStackDev"
class="btn2"><span><i class='bx bx-play'></i></span>
                Watch My Work</a>
        </div>
    </div>
</section>
```
